

Florida Office of Insurance Regulation

David Altmaier, Commissioner

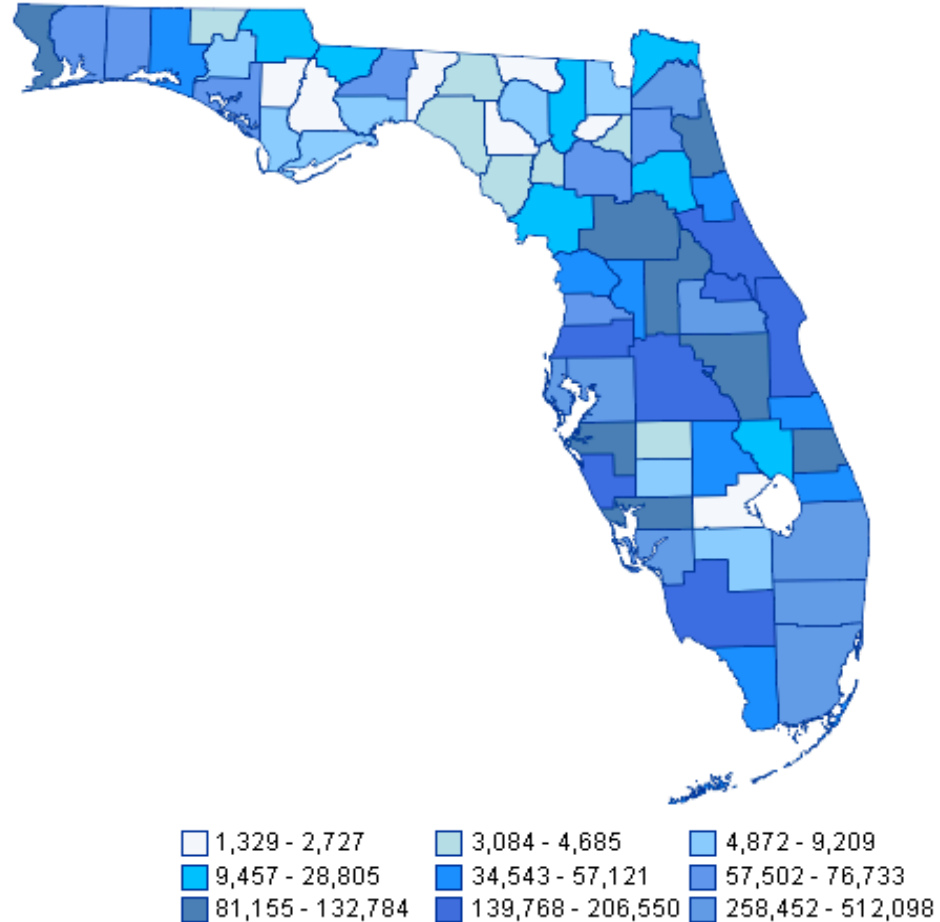

# **Policies in Force and Hurricane Claims (Irma) by County**

# QUASR – Policies in Force

This graphic illustrates the number of policies reported in the QUASR data call as of the end of the third quarter of 2017.

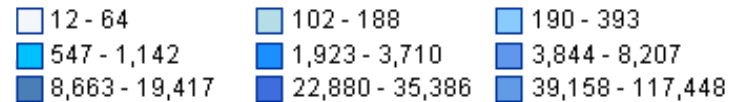

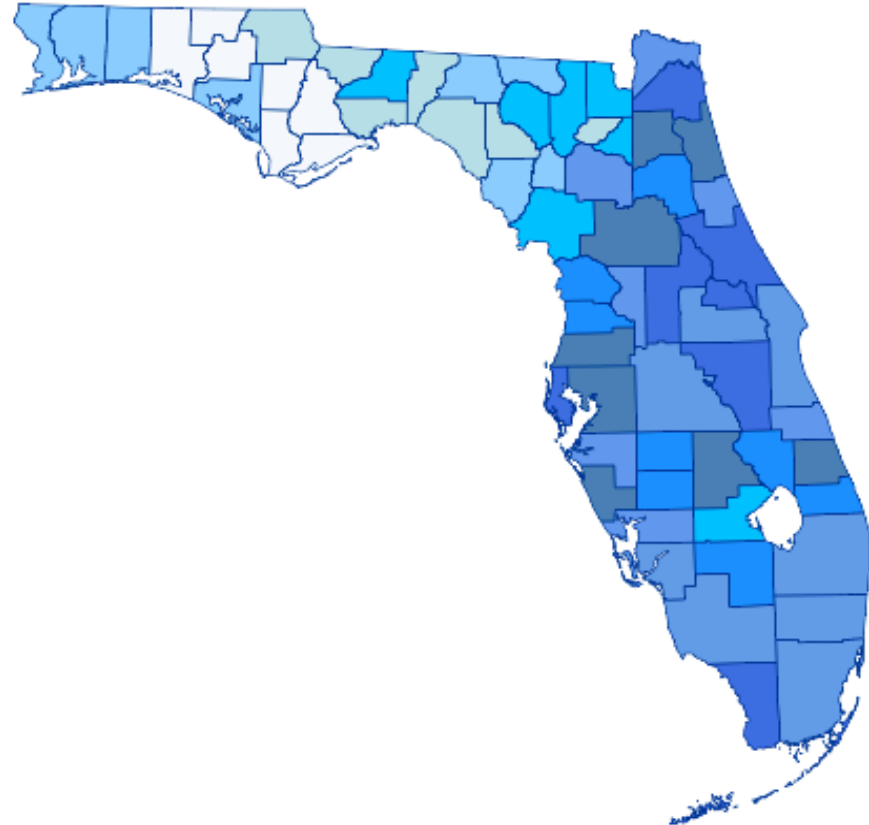

\*Due to claims of trade secret, State Farm is not included.

\*\*Includes all types of policies from the QUASR data call which may create some duplication.

# Hurricane Irma Claims as of February 9, 2018

This graphic illustrates the number of claims reported as of the most recent collection period.

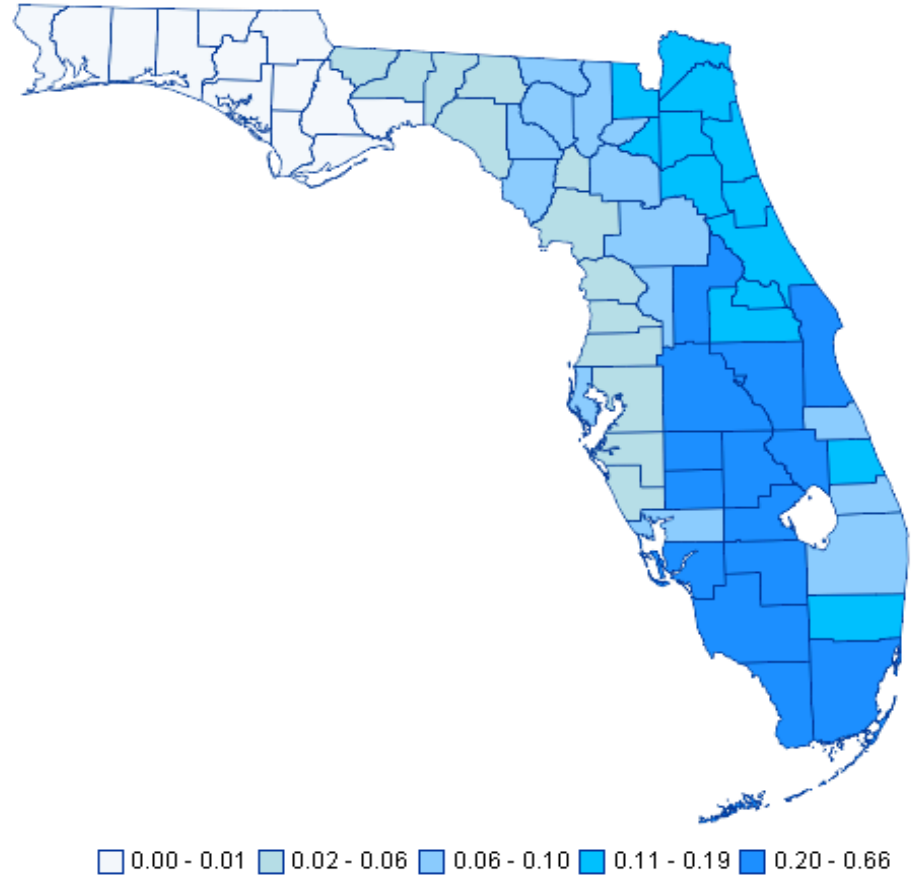

\*Due to claims of trade secret, State Farm is not included.

\*\*Includes all types of policies from the QUASR data call which may create some duplication.

# Ratio – Claims to Policies

This graphic illustrates the number of claims as a ratio of the number of QUASR policies. Note the intensity roughly follows the path of the storm.

\*Due to claims of trade secret, State Farm is not included in QUASR data.

\*\*Includes all types of policies from the QUASR data call which may create some duplication.

\*\*Claims data is as of February 9, 2018 (the most recent collection period).
